

Why I am running for Vice Chair of Community Service.

For the past 50 years, community service has been a way of life for me. Whether it be serving on a community board, holding a church position or mentoring neighborhood keiki in their passions.

My goal is to serve ALL regardless of political affiliation, religious belief, economic or social status or level of education. I believe:

*"When you are in the service of your fellow beings, you are only in the service of your God."*

Our youth are our future. I intend to have an emphasis on building values in our keiki and guiding them by examples and providing opportunities in leadership and valuable skill building.

Being a real estate broker allows me to really get to know the community. The unique characters of each area that I work to help my clients. It is my hope through our combined efforts in community service, we will be able to win the hearts and minds of our Hawai'i 'Ohana ~ Family.
